

**community service worksite and leadership program venue site**

Hi.

Roughout Ranch Foundation Inc. in Bella Vista is a 501(c)3 nonprofit org that provides meaningful ranch experiences that inspire, motivate and enrich the physical, mental and social health of vulnerable and underserved populations through the use of equine-assisted psychotherapy, activities and learning in addition to mentoring and life skills programs.

The ranch is also a worksite for people with developmental disabilities, in addition to being a venue/host site for community functions.

With that being said... I would like to know if your high school has a graduation requirement for students to do community service and if so, I would like to offer the ranch as a choice for community service.

Also, we can provide a safe & fun environment for young people to grow into our future leaders if your school has a leadership program and would like to talk to the person in charge of that program. We believe young people can truly be themselves in an environment free from outside influences and peer pressure.

Thank you and I look forward to your reply.
